DESCRIPTION

QUANTITY

**Equity and justice for women in the west - Membership brochure** By joining Women's Health West you can support us in a range of ways to improve the health, safety and wellbeing of women in Melbourne's diverse western region.

**Strategic Plan 2009-2012** A summary of our strategic plan, outlining the key issues, areas, and strategic directions of our work for the four year period 2009 to 2012.

**Annual Report 2010 - 2011** Outlining our organisation, staff, board, services, financial position and work in the past year.

**WHW News** You can make a one-off order of single or multiple copies of our newsletter. Or become an individual or organisation member of Women's Health West to receive WHW News regularly.

**RETrosPECT: 21 years of women's health in the west of Melbourne.**

'RETrosPECT' starts in 1988 with a group of passionate women who won a tender to start Victoria's first regional women's health service and charts Women's Health West's progress from then to now.

**Choosing Positive Paths (2003) Information Kit** for parents of children who are affected by family violence. These kits can also be downloaded from our website at [www.whwest.org.au/info/pkindex.php](http://www.whwest.org.au/info/pkindex.php)

**Women's Health West family violence crisis outreach service brochure** This brochure outlines the crisis and short-term support to women and their children to become safe from violence. Outreach workers provide support at Sunshine, Werribee and Melbourne Magistrates Court

**Violence against women is unacceptable in any culture - (Poster A3)** aimed at increasing women's awareness of the issue of family violence in any culture. (Content translated into Arabic & Vietnamese)

**Safe at home (Poster A3)** - Family Violence is a crime the law says the violent person should leave so you can stay safely in your home. Poster promoting the new safe at home website: [www.safeathome.org.au](http://www.safeathome.org.au)

**My safety plan** - This safety plan contains safety strategies for different environments such as home, social, work and vehicle security. It highlights strategies women can take to make different environments such as their home, workplace and vehicle safe from family violence.

**Healthy African Women** - This reader- friendly health information resource for African women contains key health messages and contact details for services in the western region of Melbourne.
